# DEVOPS SUMMIT 2023

Organisation across the world are facing application security challenges due to variety of technical and cultural factors. They need to embrace security as an integral part of the DevOps process. Our mission is to address the challenges of changing times, help accelerate delivery, and guide the industry to keep security first along with continuous delivery by bringing the best knowledge and information from pioneers and leaders of DevOps and move in the direction to reinvent the organization. The need for 'Speed' is greater than ever. Our goal is to discover new ways of working, reimagining the structure, and reshape the talent to step up execution excellence.
